# FLORALWALL™ FD SERIES

FLORALWALL™ refrigerated displays offer advanced design features that provide unmatched superiority in styling, performance and durability.

The FD series is an open floral merchandiser designed for maximum product visibility and impulse buying. The FD series is freedom. No doors or barriers to obstruct the senses, with unsurpassed refrigeration qualities. Customers are enticed by the high-visibility floral presentation and drawn to reach in and select their impulse or planned purchase.

## STANDARD FEATURES

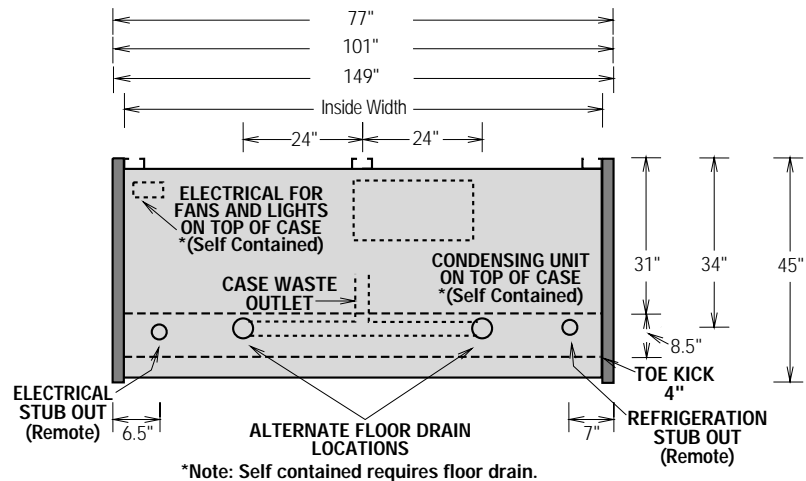

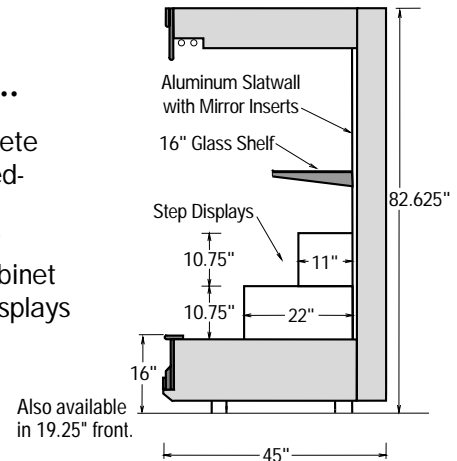

- Soft air flow environment. A refrigeration envelope is created by directional air flow simulating a closed-door environment.
- Polyurethane foamed-in-place insulation for added strength and durability.
- Long-lasting, high-output SPX 35 lamps for truer, more natural floral presentation.
- Aluminum slatwall with mirror inserts on backwall.
- Mirrored ends for brighter, more bountiful appearance.
- Complete selection of exterior laminate colors.
- Configuration of your choice - tailored for your merchandising needs. Top row features 1/4" tempered glass shelves. Modular flip-risers accommodate 10" buckets or create solid surface for merchandising arrangements and displays.

Contact your Floraline representative for more details.

## FD SERIES & MORE...

Floraline manufactures a complete selection of open-air and closed-door floral merchandisers that complement the FD series. Our custom-design services and cabinet department can tailor these displays for your specific requirements.
