MP SERIES WITH 45° WEDGE

FLORALWALL™ refrigerated displays offer advanced design features that provide unmatched superiority in styling, performance and durability. Exclusive features include Floraline's patented self-watering/self-cleaning system that extends product shelf life and reduces shrink of floral bouquets and cut flowers. This industry-first feature minimizes maintenance and frees your personnel for more important tasks.

The MP series (with 45° wedge) is a low-profile display that allows you to create unique configurations. This modular, open-front floral merchandiser is elegantly designed for maximum product visibility and impulse buying.

STANDARD FEATURES

- Patented self-watering/self-cleaning system replenishes water automatically; keeping it fresh for floral bouquets.
- Long-lasting, high-output SPX35 lamps for truer, more natural floral presentation.
- Soft Air Flow Environment. A refrigeration envelope is created by directional air flow simulating a closed-door environment. Protects even the most delicate flowers.
- Polyurethane foamed in place insulation.
- Under case air return.
- Charcoal-impregnated water filter system removes harmful chemicals.
- Dual air pattern for environmental control.
- Vases sit at 15° to enhance visibility.
- Mirrored backwall and mirrored ends for brighter, more bountiful appearance.
- Full selection of exterior laminate colors to complement your store decor.

Contact your Floraline representative for more details.

MP SERIES with 45° WEDGE & MORE

Floraline manufactures a complete selection of open-air and closed-door floral merchandisers that complement the MP series. Our custom-design services and cabinet department can tailor these displays for your specific requirements.
