# FLORALWALL™ PDR SERIES

Floraline glass door refrigerated displays offer advanced design features that provide unmatched superiority in styling, performance and durability. They provide high humidity and a controlled environment that extends shelf life of floral bouquets and cut flowers.

The PDR series is a full-view glass door floral merchandiser elegantly designed for maximum product visibility and impulse sales.

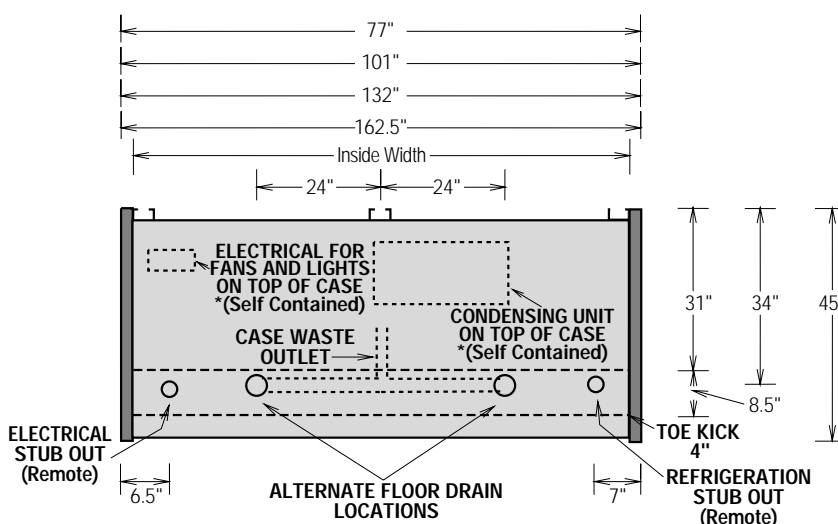

## STANDARD FEATURES

- Soft Air Flow Environment. A refrigeration envelope is created by a directional air flow environment. Protects even the most delicate flowers.
- Polyurethane foamed in place insulation.
- Long-lasting, high-output SPX 35 lamps for truer, more natural floral presentation.
- Under case air return.
- Dual air pattern for environmental control.
- Mirrored ends for brighter, more bountiful appearance.
- Aluminum slatwall with mirrored inserts on back wall.
- Energy saving electronic ballasts.
- Configuration of your choice - tailored for your merchandising needs. Top row features 1/4" tempered glass shelves. Modular flip-risers accommodate 10" buckets or create solid surface for merchandising arrangements and displays.
- Full selection of exterior laminate colors to complement your store decor.

## PDR SERIES & MORE

Floraline manufactures a complete selection of open-air and closed-door floral merchandisers that complement the PDR series. Our custom-design services and cabinet department can tailor these displays for your specific requirements.
